THE AFRICAN CHARTER ONLINE PROGRAMME

Rights and Justice in Africa – Exploring the African Charter on Values and Principles of Public Service Administration (the Charter)

Purpose

Popularise the principles and values of the African Charter on Values and Principles of Public Service and Administration

Public servants/agents across at all levels in Public Service Administration across the various regions on the continent

Institutionalise the values and principles of the Charter

Why a course on the Charter

Reclaim a culture of
dignity in government
services

Foster a people centred
public service

Align the public service
ethos to the
developmental agenda on
the continent

Support social
transformation across the
public service

Platform for learning and
exploring concepts of good
governance

Embed good governance
in our daily work

Course outcomes

Describe	Describe the context in which the African Charter on Values and Principles of Public Administration was developed
State	State the role and importance of public administration in a modern state
Identify	Identify public service users' rights and apply laws and regulations that guide the public service
Explain	Explain the importance of modern and innovative procedures and systems for the public service
Use	Use the measures and mechanisms that prevent and combat corruption in the public service by promoting accountability and appreciation of their relevance in a public organisation
Apply	Apply the basic principles that promote equality, effectiveness, efficiency and responsibility in the use of resources
